

Here are step by step instructions to enroll as a LifeWave distributor under Tim and Victoria White:

Go to our website www.lifewave.com/youthpatch (You will see **Moringa Tree of Life LLC** in the top right of the screen)

Click on the Join button at the upper right side of the screen:

Select your country then click on the **JOIN NOW** button: (LifeWave is a 15 year old company that is open for business in over 100 countries)

Then make your Enrollment Kit Selection. Note that you can upgrade to larger kits later, and the system will deduct what you previously paid for smaller kits. And also note that you can mix and match any of the sleeves of patches in the enrollment kits, but they default to the X39 patches. A sleeve of X39 patches is equivalent to two sleeves of any of the other patches. All sleeves of patches are a 30-day supply.

NOTE: Only click on Enrollment Starter (the \$25 option) if you are NOT planning on getting any patches with your order. If you would like to enroll and get one sleeve of X39 patches, click on the Bronze Enrollment; click on the Silver Enrollment for 3 sleeves of X39 patches, etc.

If you choose to customize your kit by changing any of the patches from the default, make sure you see a green bar at the bottom of the page like this. If not, it will not let you continue to the next page. If you need to add more items, the bar will be orange with a message to add more items. If you have too many items the bar will be red with a message to remove some items. Remember that two sleeves of any of the other patches is equivalent to one sleeve of X39 patches. So if you keep trying to put a sleeve of X39 patches in the cart and it shows overloaded, and not enough, it means you need to add one of any of the other patches instead.

Your enrollment kit is now complete! Please click the "continue" button to proceed.

On the next page you will put in your personal info. This includes creating a username and password. The username will become part of your website URL. For example, if your username is johndoe, your self-replicated website will be www.lifewave.com/johndoe . This is the website you will give people for info, to purchase or to enroll as a distributor under you. Your password needs to be a minimum of 6 characters, including a Capitol Letter and a Special Character like !, \$, * etc.

When you get to the section on binary placement, if you know which leg you are going in, you will click on the opposite leg for placement preference. For instance, if you are putting someone on your right leg, that will become their strong leg so tell them to check Build Left. If they or you don't know which leg you are going on, just pick anything because you will be able to change it in your back office at any time. (FYI - If you plan on building a business, ultimately you will want to have at least three personally sponsored people on your left leg and three personally sponsored people on your right leg, in order to qualify for certain parts of the compensation plan)

Then under Terms and Conditions, **in the grey box SCROLL DOWN ALL THE WAY TO THE BOTTOM** in order to be able to unlock the box that you can check saying that you agree to the terms and conditions. **DO NOT click on View Terms and Conditions in Full Screen** because if you do you may have a hard time getting back to that page. After you have check marked the box, click on **SUBMIT**.

Terms and Conditions

IMPORTANT INFORMATION: PLEASE READ

You must review and scroll through the entire Policies and Procedures before agreeing to the terms.

Once you have reviewed the Policies, and if you agree to abide by them, please click the "I agree" box located below and continue with your application to become an independent distributor. **PLEASE NOTE THAT BY CLICKING "I AGREE" YOU INDICATE THAT YOU HAVE READ AND UNDERSTAND THE POLICIES, AND AGREE TO BE BOUND BY THEM.**

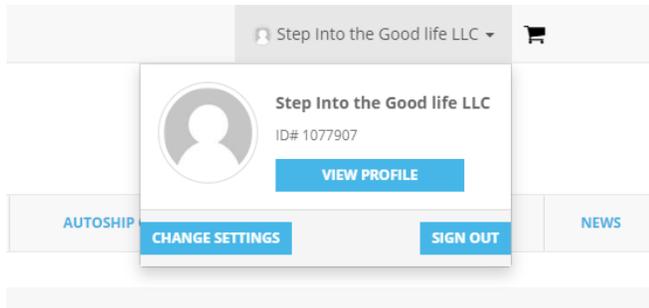

I agree to the terms and conditions of the Distributor Agreement and the Policies and Procedures.

SUBMIT

The next page will be a summary page of everything you just entered in. And you will also choose shipping method here. The cheapest and fastest seems to be the top option, for USPS Priority Mail. When you are satisfied that everything on the review page is correct, click on the button to submit your enrollment. You will get a message that it was successful, and it will show your receipt which you can print out. You will also see your Customer ID number.

After you have enrolled, we recommend logging into your back office to get familiar with what's there. To do that, go to www.lifewave.com. Then click on **Log in** in the upper right corner of the page. You will sign in with the username and password that you set up.

To change binary placement preference, click on your name in the upper right corner of the screen, and you will see the following window appear.

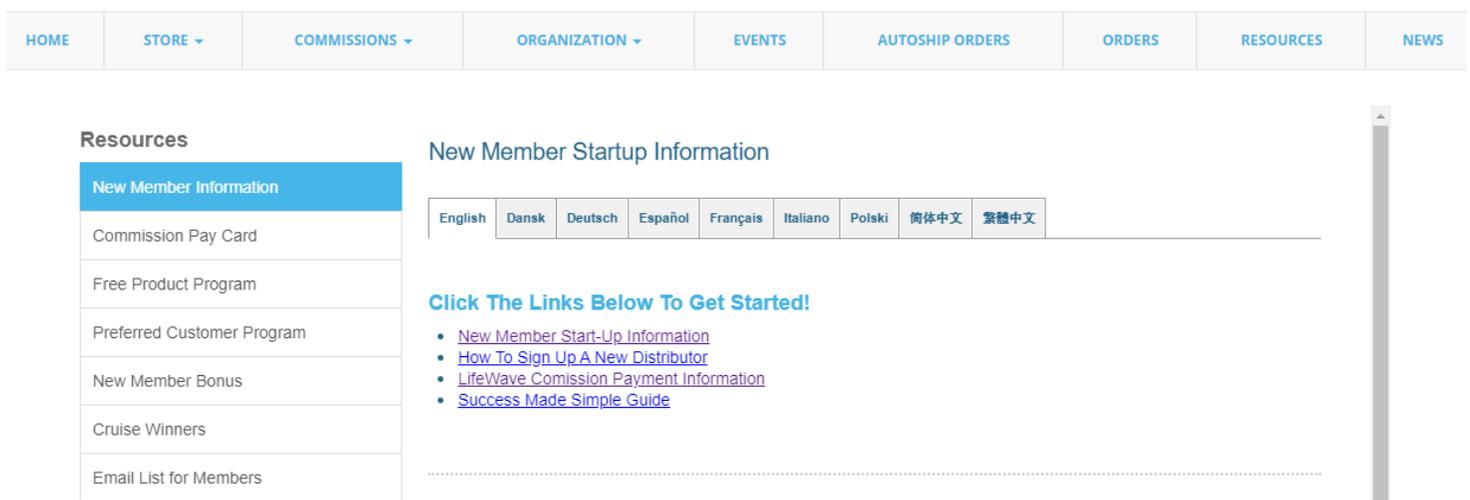

Click on **CHANGE SETTINGS**, then scroll down to the bottom of the page where you will see this:

To opt in to LifeWave's E-mail list for announcements, webinars, etc, click on **RESOURCES**, then **Email List for Members**, per screenshot below.

Setting up an autoship ensures you don't run out of product as well as ensures you stay qualified for commissions. To Set up Autoship, click on **STORE** in your back office. Select the product that you wish to put on autoship. You will have the option of adding it to cart or adding it to autoship, per screenshot below. Click on **ADD TO AUTOSHIP ORDER**. Follow the prompts to complete the autoship set up. Note that in order to keep from losing volume that is building up under you, you must place an order at least every 31 days. Autoship is the best way to do this so you don't have to remember to do that every month.

Contains (1) LifeWave X39™ sleeve with 30 patches.

Here's a strategy in the beginning that you might also consider: (UPGRADE KITS)

Because LifeWave allows you to upgrade to larger enrollment kits, you can work your way up to the larger kits by just paying the difference between what you paid for a smaller kit and the cost of a larger kit. There are extras that you get with the larger kits so long term this is the most affordable way to go. A reason to do the upgrades in the beginning rather than just purchasing patches through autoship is that the larger kits unlock additional parts of the compensation plan so you are not leaving money on the table, in addition to getting free sleeves of patches as extra bonuses.

So for example, say you decide to start out with the Bronze Enrollment Kit and just get one pack of X39 patches. (roughly \$100) After a few weeks you are ready to reorder, so instead of going on autoship you choose to upgrade to the Silver Enrollment Kit which is roughly \$300. (for 3 sleeves of X39 patches) You would just pay approximately \$200 for that since you already paid roughly \$100. And since you already got one sleeve of the X39 patches, you would get the other two.

Then next month instead of going on autoship to prevent any volume from resetting to zero that is under you, you choose to upgrade to the Gold Enrollment Kit which is roughly \$500. (for 5 sleeves of X39 patches plus 1 sleeve of any of the other patches) You have already paid approximately \$300 for the Silver Enrollment Kit, so you would just pay another approximate \$200. You have already received 3 sleeves of X39 patches at this point, so you will receive the other two sleeves of X39 plus one sleeve of any of the other patches.

Then next month instead of going on autoship to prevent any volume from resetting to zero that is under you, you choose to upgrade to the Platinum Enrollment Kit which is roughly \$1000. (for 12 sleeves of X39 patches) You have already paid approximately \$500 for the Gold Enrollment Kit, so

you would just pay another approximate \$500. You have already received 5 sleeves of X39 patches plus one sleeve of any of the other patches, so you would get 6 sleeves of X39 patches plus one sleeve of any of the other patches.

And finally, the next month you decide to upgrade to the Diamond Enrollment Kit which is \$1600. (for 19 sleeves of X39 patches plus one sleeve of any of the other patches). You have already paid approximately \$1000 for the Platinum Enrollment Kit, so you would just pay another approximate \$600. You have already received the equivalent of 12 sleeves of X39 patches, so you would get the remaining 7 sleeves of X39 patches, plus one sleeve of any of the other patches.

To upgrade, go into your back office, click on STORE, then scroll down to the bottom of the drop down menu and click on Upgrade Kits. There is no time limit on when you can upgrade. Many people find they are upgrading sooner than later though because they are distributing the patches to lots of people who want to try them too.
